All of the money raised by the School's student organizations and Boosters will be split equally between the school's participating student organizations and Booster groups and the Stefanie Spielman Fund for Breast Cancer Research at the James Cancer Hospital and Solve Research Institute. AD Tony Hurps said this game is a Win-Win for both our school's athletic programs and finding a cure for Breast Cancer!

The game also plans to honor all local cancer survivors at Half-Time with a special audio message from Chris Spielman. Following the game a representative from the Spielman Gridiron Classic will award the "Champions" trophy to the Winning Team, as well as "Most Valuable Player" and "Runner-Up" trophies".
